# Welcome Home

The Francis Scott Key Motel was built in 1953 by the Hastings family. The motel was named in honor of the author of the Star Spangled Banner, Francis Scott Key. The property consisted of the Lodge, the two Ranch buildings and eight Vacation Homes. Annemarie Dickerson's father (William Kenny Baker) purchased the property in 1972. Annemarie and her husband Jim now own and manage the family resort. Today, the property has grown and offers over 240 rooms and an array of amenities for all to enjoy!

**Great place to stay.**

*"When we go to Ocean City this is the only place to stay. Rooms are top notch, staff is always there for help or information. If you are going with kids, there is an indoor and outdoor pool. Game room and movies at night. A 50's style dinner is on the grounds. Already booked for next years stay."*

**– Scott**

**Great place to stay and play.**

*"What a beautiful stay. We came here with our daughter and grandson. For being the off-season, the activities were plentiful and we all enjoyed ourselves. The pool was in great condition and the kids crafts were entertaining. We are looking forward to movie night tonight! The staff is very friendly and the service is top notch."* - Don

**Great Place for a Getaway.**

*"We love coming to Francis Scott Key, the place is so fun. We recommend this to our friends and family that are coming into the area. We have been coming here the last three years and plan to continue. They have so many activities for the kids, rooms are super clean and staff goes out of their way to make your stay super enjoyable! We live locally and get the locals package for weekends in the winter to enjoy just getting away and the amazing indoor pool!"* – Kristen

**Great place for family fun!**

*"We enjoyed 2 days here with our grandkids. This is truly a family friendly motel. They have many activities for kids and they pay attention to the details of their motel. The room was clean and well maintained. The internet worked well and was easily accessed. We were impressed by how well this motel was managed and we enjoyed our stay."*

**– Nana**

**Family friendly, fantastic Resort!**

*"We went to this resort twice with our kids and we all really loved it! It is a little bit of drive to the actual beach, but they have a lot of entertainment right in the resort. We spent most of our vacation on their Pirate ship and their awesome indoor pool! Overall the kids loved it and by extension we (the parents) loved it too! I highly recommend this affordable resort!"* – Hawidi

**Staying this summer was twice as nice.**

*"I cant believe it took me this long to realize I hadnt written a review this year. This july was our tenth summer vacay at fsk. It is our family's favorite. We continue to tell our family and friends about it and have brought well over 30 people to our best vacation spot. We have visited every july since our kids were one and the other wasnt even born yet. In fact this summer when coming home from a virginia vacation we just had to stop here for a few nights. So two summer vacations here made this summer twice as nice. What do we love about it: the indoor and outdoor pools, the sprayground, mini golf, pond for fishing, shuttle to the boardwalk, diner on the property, bar and food area by the pools, basketball, volleyball, movie night, and so much more. They continue to amaze us and add new things every single year, some small, but always a pleasant upgrade. This year they added the new comfortable movie recliners for movie night. I cant wait to see whats next. The staff is helpful and friendly, the rooms clean and comfortable. This is why we keep coming back. Can't wait for july 2019."* - Mrs. Lovington

## DEAR GUEST,

As we assemble for our 48th summer season, we always find pleasure in the arrival of our palm trees and tropical landscaping that transforms our Shipwreck Cove into a relaxing and inviting guest favorite!

We have updated our Main Lodge with new in room carpet and bedding. The Ohio and Florida buildings received new kitchen counter tops. We replaced our indoor Caribbean Key pool decking with “Ruberoc” which we think looks fantastic!

We are excited to announce that we refitted all 240 guest rooms with new door locks in which your wristband can now be used as your room key!

This along with many other winter projects has kept us busy as we anticipate another great summer with the world’s best loyal guests! We understand that you have many choices and we are truly blessed that you have chosen the Francis Scott Key Family Resort as your home away from home!

It is our managers’ and staff’s intention to meet and exceed your expectations. Please do not hesitate to reach out if you have any concerns during your stay as we want to make your experience here a great memory!

**Jim & Annemarie  
Dickerson**

## HINTS FOR PARENTS

Introduce children to the lifeguard at your beach. Tell children to go to the lifeguard stand if they are lost. Apply sunscreen before going to the beach and throughout the day. Encourage frequent water breaks all day long. Children should wear footwear. Sand can be very hot and may cause burns. Children should have a hat, sunglasses, and t-shirt to limit sun exposure.

## PROHIBITED BY CITY ORDINANCE

No dogs on the beach or boardwalk from May 1st-Sept. 30th.  
No sleeping on the beach between 10pm and 6am.  
No one is allowed on the beach or in the ocean between 12am- 5am.  
No using a skim board between 10am and 5:30pm.  
Do not bring glass containers onto the beach.  
Smoking on the beach and boardwalk is prohibited.  
Designated smoking areas are along the beach and off the boardwalk.

## REGULATED BY BEACH CONTROL

Fires or cooking on the beach at any time.  
Playing loud music.  
Playing ball, flying kites, or other thrown or flying objects.  
Digging holes on the beach that are deeper than knee deep due to cave-in and suffocation risk.

## RIP CURRENTS

Rip currents are the 3rd leading cause of weather related death and are powerful, channeled currents of water flowing away from the shore. They are the most common surf hazard leading to swimmer distress and potential rescue. Always listen to a lifeguard! What do rip currents look like? You will see a noticeable difference in water color, gaps or flat sections in the waves breaking out in the water, foam or objects moving steadily seaward, or a specific area of water that appears more turbulent than the surrounding water. The most important thing to remember if you are caught in a rip current is **DO NOT PANIC**. You should attempt to swim parallel to the shore for about 25-50 yards, or until out of the rip current, then swim at an angle toward the shore. Many people try to swim against a rip current, but this is **DANGEROUS**. If in danger, wave for help, relax, and tread water!

## SAFETY FOR SWIMMERS

Only swim where and when lifeguards are on duty. Keep your feet in the sand, until the lifeguard's in the sand! Always check with the lifeguard regarding beach/ocean conditions. Never dive into unknown water or shallow breaking waves. Do not ride waves that are breaking in shallow water or on the beach. Do not swim near fishing piers, jetties, or wooden pilings. Rely on your swimming ability rather than a flotation device.
